## **Welcome to Big Sky Country!**

I'm proud to organize and host the 2023 IWPA Championships in the awesome state of Montana for the first time ever.

Congratulations to all regional Champions. I want all involved to have fun, enjoy the event and the stunning surroundings. There will be awesome food, and helpful and friendly folks to assist in any way possible. We all get to cheer on some of the strongest dogs in the U.S. and Canada as they compete for the coveted IWPA medals, plus more!

I chose the Vigilante Rodeo Club Grounds in Butte, MT for several reasons and I hope this will be one of the most memorable Championships for all to talk about for years to come.

Please open your hearts and wallets for the Wounded Warrior Project. There will be donation containers throughout the rodeo grounds, and a Blind Auction in the Main Event Hall to support our heroes in need that have fought for our freedom. All proceeds will go to the Wounded Warrior Project.

There will be awesome homemade Elk, Beef and Vegetarian Lasagna Friday night, grass-fed and Montana-grown Prime Rib Beef or Pulled Pork for dinner Saturday, and hotdogs with all the fixings included for you chilidog fans on Sunday. We are also planning to have food truck vendors in the parking lot Saturday and Sunday from 11am-3pm.

All activities including meals, registration, weigh-in, Blind Auction and bathrooms are located inside the Main Event hall.

Thank you all for attending your hard-won participation in the 2023 IWPA Championships. We are hoping for a spectator turn out as well, to raise awareness of our sport and traditions! Happy and excited to host you all.

Sincerely,  
Darwin Lumbattis, Region 3

### **A Message From The President**

Hello and welcome to beautiful Butte Montana and the 2023 IWPA International Championships!

This is the culmination of eight months of training, hard work, and competition.

Congratulations to all of you on the achievements of you and your dogs.

Be sure to thank our host, Darwin Lumbattis. I know he has been working overtime and stressing out getting this event ready. Also, this weekend be courteous to the people that are working on your behalf to make this a successful event. Many, if not most of them, are not even members of the IWPA, but they are giving you their time.

Once again, welcome, congratulations and good luck this weekend!

Terry Reed  
IWPA President

Working together for a better IWPA

## The 10# Class Qualifiers

---

### Bug

**Age:** 6 Years Old  
**Owner:** Diane Krupski

**Region:** 6  
**Breed:** Chihuahua  
**Residence:** Kalkaska, Michigan

**Bug** is the princess of the house. Bug only has one speed, snail speed (lol) but she's a great fur baby.

Bug is the Regional 2022 – 2023 Gold Medalist on both Snow and Wheels

---

### Mojo

**Age:** 6 ½ Years Old  
**Owner:** Robbie Reed

**Region:** 9  
**Breed:** Mix  
**Residence:** Greeley, Colorado

**Mojo** (Royal's Jumping Monarch Joseph) is the Region 9 10-lb. class Gold Medalist on both Wheels and Snow. Mojo is a Chi (ch e) Chi (ch eye) mostly Chihuahua and Chinese Crested. A side note, Terry just calls him a "Li' Mutt". Robbie just calls them "Munchkins". This is Mojo's sixth year pulling. One of Mojo's funniest quirks is that he loves to jump and jump and jump! Mojo's personal best on natural wheels is 295 lbs., and on natural show is 190 lbs. Mojo's personal best on artificial wheels is 225 pounds. And on artificial snow is 51 pounds. Mojo is the reigning IWPA Record holder in the 10-pound class on natural wheels pulling 295 pounds and natural snow pulling 42 pounds. It's hard to believe that Mojo and Benji are litter mates!

---

### Pigeon

**Age:** 2 Years, 11 Months  
**Owner:** Haylee Morris

**Region:** 9  
**Breed:** Portuguese Podengo Pequeno  
**Residence:** Colorado Springs, Colorado

## The 20# Class Qualifiers

### Baron Benjamin (Benji)

Age: 6 ½ Years Old

Owner: Robbie Reed

Region: 9

Breed: Mix

Residence: Greeley, Colorado

Royal's Snuggling **Baron Benjamin** is the Region 9 20-lb. Bronze Medalist on both Wheels and Snow. Benji is a Chi (ch eye) Chi (ch e); mostly Chinese Crested (the powerful kind) and Chihuahua. He is owned and handled by Robbie Reed. The same side note as with Mojo, Terry calls him a "Lil' Mutt". Robbie just calls them "Munchkins". This is Benji's sixth year pulling. Benji has outgrown his litter mate Mojo, now pulling in the 20-pound class. Benji is quite a snuggler! Nothing pleases him more than to snuggle up with someone! Oh yeah, and that massage he gets from Terry! Benji's personal best on natural wheels is 265 pounds and 245 pounds on natural snow. His personal best on artificial wheels is 325# pounds and on artificial snow is 38 lbs. It's hard to believe Benji and Mojo are litter mates!

Age: 6 Years Old

Owner: Missy Kehler

Region: 7

Breed: Wired Haired Terrier Mix

Residence: Woodbury, Tennessee

Surprise, surprise, surprise! **Felix**, a 5-year-old wired haired terrier mix, who seems to have his barker set on "bark at everything and anything" has turned out to be quite the working little dog! The only time he is not barking is when he is in harness working. He came to us as a rescue in 2018. Rehoming him proved difficult due to his "I put the terror in terrier" personality. On a whim, I put a harness on him to see what he would do. Here we are a few years later still working hard in harness, and still as noisy as ever. His UKC registered name is: "Felix Never Shuts Up". I know this little dog drives me absolutely crazy with his incessant barking, but he has turned out to be a good dog. His devotion to me is unmatched, and I feel honored that he chose me. It's true what they say, one man's trash is another man's treasure.

### **Butte fact:**

Butte began in the late 1800s as a gold and silver mining camp. At the turn of the century, the development of electricity and the industrialization of America resulted in a massive copper boom, and Butte flourished.

**Magnus****Age: 7 Years Old****Owner: Mary Felice****Region: 9****Breed: Miniature Schnauzer****Residence: LaSalle, Colorado**

**Magnus** is the son of Evil Puppy Ceasar and has now earned the nickname of evil spawn. In many ways he is his father's child (now if only he would pull like his father). Besides being Mary's cuddle puppy and knowing the fuzzier and softer blankets are the better, he enjoys the daily work outs with his 16 year old aunt chasing the cats and playing some with Big Head. The 2022/2023 season ended with his personal best of 445 pounds on wheels- dirt, 230 on wheels – carpet, 225 pounds on snow- natural and 127 on snow- artificial. As Magnus, Julian and I learn each other's habits I look forward to seeing how close we can come to breaking a few of his dad's personal bests. We do have some big paw prints to follow and fill.

**Rebel Rose** is a boston/corgi mix...or what I like to refer to as my Borgi. When we got her, we were told she was a Boston Terrier. Surprise, she's not. It's ok, because Rose is the best of both breeds. Rose makes us all laugh with her clownish antics, and her impish personality. Rose is not a hard-working dog, but she does enjoy working in harness. She loves the camera and is always up for striking a pose. And that nose! Oh, how that sniffer of hers is always working overtime! Maybe some nose work classes might be in order for her during the off season.

**Ruby Mae** is a little over a year old and is owned by Micah Wacker and handled by Rochelle Wacker. Ruby Mae is a terrier mix. Some think she is part Border Terrier others say she is part Brussels Griffon. No matter what her true breed is, she is a "terror". In her free time, Ruby Mae runs and runs and runs, then in her break time, she wrestles with the other dogs in the house. Ruby Mae is all heart when it comes to being on the track.

## Sprite

**Age:** 4 Years Old

**Owner:** Donna Libbey

**Region:** 6

**Breed:** Mix

**Residence:** Mancelona, Michigan

I got **Sprite** 1/20/2020 after seeing her picture at Osceola Animal Control as being TURNED in. Had to wait 10 days but called on the 20th and went to see her. SHE Reminded me SO much of my old Ginger Snap and she's proven she is like her. She has a Spirit that keeps her Always Trying, never quitting when she is stuck. AND most of all LOVING me! Since she was a Pound save didn't know anything about her except, they suspected she was an Owner Turn in. They and the VET figured she was between 1 and 2 yrs. old.

She pulled the spring (Limited) for 2020 then started really in 2020/2021 and 2021/2022 and just kept getting better. The Spring of 2022 I felt that her Harness just wasn't fitting her right and I dug out Ginger's old one. I told her she needed to do it PROUD AND she has. AND here we are in the 2022/2023 pull season.

For FUN, with no history, I did a DNA test. Sprite is 37.5% Min Pin, 30.0% Chihuahua, 16.4% Russel Type Terrier, 9.9 % RAT Terrier, 6.2 % Dachshund, 100% Good old American MUTT.

They say when you Rescue an Animal remember they need time to adjust. SHE was about 3 months Before she got in bed one night and laid her head on neck near my EAR and licked my Cheek and she's only gotten more loving and attracted to me. Due to my limited Mobility we continue to pull with the help of my friends Jean Wilson and her Husband Barry. THANKS to them it's been a great and FUN year.

## Tinker (the Stinker)

**Age:** 7 Years Old

**Owner:** Missy Kehler

**Region:** 7

**Breed:** Cairn Terrier Mix

**Residence:** Woodbury, Tennessee

**Tinker** is a cairn terrier mix. She came to live with me in the fall of 2017. She's been bounced around a few homes in her short life span picking up some bad habits along the way. Most people fell for those little brown eyes, the slight underbite that sets her lower teeth out, and the wired, wispy hair. Then they get the shock of that tenacious terrier personality. Then they wonder what the hell happened and how do they contain it. Most people have opted to rehome her. I've chosen to redirect that crazy energy into harness work. I have had more than my fair share of "no pulls" and her giving me the fuzzy middle finger in the weight pull chute. Tinker and I have gone a few rounds on who the boss really is, and what the house rules are. Just when I think we broke one bad habit, she develops a new one. She is a good little dog though, and life would be boring without her.

## Anushka

**Age:** 2 Years Old

**Owner:** Stephanie Stoll

**Region:** 6

**Breed:** American Bully

**Residence:** Lake City, Michigan

This is **Anushka's** 2<sup>nd</sup> year to complete in an IWPA Championship. Anushka is a rescue dog that endured abuse as a pup and unfortunately was held as evidence for an animal abuse case for a year at an animal control, causing her to have some major behavioral issues. Anushka has now been with me for a year and learned so much and is Princess Dog. Anushka is learning the sport of weight pulling and that is helping her confidence. Anushka is a sweet, calm girl that loves every animal she meets. Anushka also has another job helping dogs at the shelter I work at that have human fear/trust issues. We recently live trapped a dog that was 'Feral' and she is helping that dog learn to trust/accept humans.

**Owner:** Missy Kehler

**Region:** 7  
**Breed:** Staffordshire Bull Terrier  
**Residence:** Woodbury, Tennessee

This is **Cruella's** (WK9 Don't be cruel to me Ella) first year working in harness. We don't have a lot of high expectations for her as she learns the ropes. Our main focus is making sure she has fun! We got Cruella shortly after our senior Staffie, Bobber, suddenly passed away. Oh, how Ella reminds us of Bobber in so many ways! She's sweet, fun, an instigator, drama queen, and did I mention vocal? If she is not the center of attention, she will let you know about it. Her BFF is our St. Bernard, Cinder. When Ella gets too out of hand, Cinder will just sit on her to "quiet her down". Ella has earned her CGC and TKN titles through the AKC already!

Again, where did the time go? Can't believe **Deuce** (Pandemonium's WK9 Let's Deuce It) is 5 years old already! Deuce and Esmerelda are like night and day. Esmerelda is a free spirit, while Deuce likes routine and structure. Deuce is very much like a small bull in a china shop. He tries to be graceful but fails miserably at it. He is sweet, lovable, and eager to please, though he does have a tendency to buckle under pressure. Everyone and everything is his BFF. Deuce does so well with Dave handling him.

She has also earned her SPOT and UWP through the UKC. She is vibrant, and full of life. She has the most infectious smile and expressive eyes. She loves a good challenge and keeps me on my toes. **Ivy** (UCH Witching Hour Enchanted Ivy RN FDC) aka:(Noodles) is fluffy and feisty. Born on 12/19/2018 she is a winter girl and loves the cold. She loves playing in the snow, in the water, on the beaches, exploring the trails, snacks and playing fetch. We started Fast Cat this year, so much fun! Rally and weight pulling are an ongoing adventure for us. We're still learning as we go and with Corgis there's never a dull moment. We've completed multiple 3ks and 5ks. Rally and weight pull are an ongoing adventure for us, and with her enthusiasm it can be quite comical. While she loves to work and learn new things, in typical corgi fashion she will make you work for it sometimes. We've completed multiple 3k and 5ks.

**Caedus****Age: 7 Years Old****Owner: Marcie Plishka****Region: 14****Breed: Australian Cattle Dog/Border Collie Mix****Residence: Calgary, Alberta Canada**

**Caedus** is a nearly 8-year-old "Blue Feeler". I'm sure his breeder had grand aspirations that he would spend his days herding sheep and cattle on a ranch. However, he ended up in the city herding cats and plotting to conquer the galaxy.

Caedus is a clown and will do anything for a laugh from his human friends. We have dabbled in disc, nosework, GRC, obedience and rally, however, weight pull has quickly become our favorite. This is our first year competing and his can-do attitude at pulls continues to amaze me. He loves pulling, but even more so, he loves a cheering crowd.

## Hurricane Clyde

**Age:** 10 Years Old

**Owner:** Carol Gerke

**Region:** 6

**Breed:** American Pit Bull Terrier

**Residence:** Grand Rapids, Michigan

**Hurricane Clyde** (Clyde for short) is a 10-year-old APBT rescue. He is handled by both Carol and Ted Gerke. Clyde earned Silver medals on snow and wheels this year. If a dog could be diagnosed with ADHD, that would be Clyde. He is super lovable but if you are not touching him, he can be a wild man. Over his years of doing weight pull, he channels his energy but the last few years he tells me when he is done pulling for the day. He really doesn't like it when the other dogs get to play with weights because he has an injury, but he pulls better the next time. Clyde is getting older (but don't tell him, he really doesn't act it) and so he is passing the torch to his kennel mate Gilly (Magillacudie). Clyde isn't going to be at championships this year because of the lack of room in the car. He is letting the young ones go to Montana to play. Good luck to all the dogs and their handlers this year in Montana.

## Midus

Age: 7 Years Old

Owner: Mary Felice

Region: 9

Breed: Mix

Residence: LaSalle, Colorado

**Midus** is handled by Richard Felice and Julian Felice. Yes, we still think Midus should have been named MiDass (with a silent D). Midus is great at making our “evil puppy” look like a saint. He now hangs most of day and all night with co co-partner and 2-legged brother TJ (however, I am unsure who gets in the most mischief), and like a toddler believes everything SHOULD and does revolve around him. He loves to escape from his kennel at night and jump hide in the blankets on Richard and Mary’s bed if one of them gets up. Midus has also now learned that “puppy time out” is another word for kennel but it’s when he has gotten in trouble. Sadly, due to how hyper he gets when time to pull TJ has not been able to be the handler yet. Each year of pulling we see more of Sasha in him, whether it be how he acts when time to be hooked up to the cart, wanting to sit in the chair between pulls or just everyday life. Now that both his bulldog pillows, Lacy or Hope are gone he can be found trying to use Grimmloc as a pillow or a pile of blankets that he must bury his face in as much as possible. This 2022/2023 season has ended with Midus’ personal bests of 1400 on snow and wheels- carpet = 2300 and 1330 on wheels – dirt. **2022/2023 Regional Gold medalist on both wheels and Snow**

Molly is the first dog in our home to start weight pulling and has been to many Championship events. In her free time, she loves to play in the snow or lay in the warm sun. When it gets too cold outside, she loves to horse play with the other young dogs. Molly is the 2022/2023 Regional Bronze Medalist on Wheels and Silver Medalist on Snow.

### **Montana fact:**

Montana is no stranger to natural marvels, so it's no surprise that Flathead Lake on US 93 N is the largest natural freshwater lake in the western continental US. The lake has a surface area of nearly 200 square miles.

It's not the deepest lake, however, so it doesn't have the most water of any lake in the West. Lake Tahoe got that title.

**Crunch** (Captain Crunch vom Bosen Blick) is Capone's full litter brother, and he came along too when I took Capone to check out the local weight pull club several years ago. He didn't love it right at the start but learned to love it as he got more experience. He has much better form and natural talent for weight pull than Capone, but his mental game isn't quite as strong and that can bite us sometimes! Which, in turn, has caused a lot of laughter and entertainment for everyone watching. Besides weight pulling, Freyja also enjoys FCAT, scootering, canicross, hiking, and obstacle course racing. We have completed in the last 3 US Canine Biathlons and are going to be competing in the upcoming OneWorld Canine Obstacle Course Race.

**Grimmloc****Age: 9 Years Old****Owner: Richard Felice****Region: 9****Breed: American Pit Bull Terrier****Residence: LaSalle, Colorado**

**Grimmloc**, AKA Cookie Monster, unlike our other dogs Grimmloc follows our past Pit Bull's (Galyith) paw prints and when pulling loves to be driven. Within Region 9 his personal best on wheels- dirt is 3840 pounds and wheels- carpet is 2950 and on snow – natural is 1180 pounds and snow- artificial is 510 pounds. Grimmloc is a big baby right down to bedtime and crying if he is not curled up in bed with Richard by what he feels his bedtime is, or crying in early morning when Richard leaves him for work. While shopping at Home Depot is his favorite past time, he also enjoys any trip to town with Richard, stealing cookies Mary makes as they cool, eating ice cubes, walking around carrying stuffies, chasing his feline friend, riding on the back of Richard's ATV with his goggles on, swimming, stealing Mary's chair and getting into anything he can, including mud, or just relaxing out in the sun.

**KADA** (Int'l CH Whitehawk Opportunity Knocks - WWPDS / BCAT / CA) Although January 2023 was KADA's first time pulling IWPA, KADA is not new to weight pulling and has pulled at 19 Alaskan Malamute Club of America weight pulls. Began weight pulling in December 2020 and has earned the AMCA Working Weight Pull Dog Superior (WWPDS) title. She had to pull 30 times her body weight at five different weight pulls. Her first IWPA pulls were in January 2023 and she again pulled in March. At the four IWPA weight pulls, KADA has pulled over 30 times her body weight, which qualifies her for an IWPA Working Dog Superior title. At her last IWPA pull, KADA pulled 2784#s matching her personal best at 38.66 times her body weight. She loves weight pulling. She has titled in AKC FastCat (BCAT) and Coursing Ability (CA). She is currently learning rig / sled racing. Probably her most favorite activity is sled dog demos at schools and for youth groups. She loves the kids. Gold

NAVI was awarded the first AMCA Working Weight Pull Dog Superior title. To qualify, NAVI had to pull 28 times his body weight at five different weight pulls, In NAVI's seven previous

IWPA weight pull seasons, he medaled in all seven seasons. ( 5 Gold, 1 Silver and 1 Bronze) Due to age restrictions, this was his last IWPA appearance. NAVI finished the 2022-2023 season in 3rd Place — Bronze / 61-80#s Class /

Region #4. What a great way to finish his last IWPA season. NAVI has pulled equally well with the Alaskan Malamute Club of America (AMCA) weight pulls. At the AMCA National Specialty Show weight pulls

(Regional and National) NAVI has medaled 12 times (5) 1st Place, (5) 2nd Place and (2) Fourth Place. In addition, he pulled High Percentage "twice and was the 11th of 12 dogs to pull 3000#s (3166#s) at an AMCA National Specialty weight pulls. NAVI has a great work ethic. Put a harness NAVI and he is ready to pull a weight cart or pull a sled or rig in a race. His titles tell his story.

**Phoebe****Age: 4 Years Old****Owner: Dave Heffelfinger****Region: 7****Breed: St. Bernard****Residence: Woodbury, Tennessee**

**Phoebe** (WK9's Sing Me Smelly Cat Phoebe) and Ursula are littermates that are named after the characters from "Friends".

Phoebe is a lot like the character she is named after. She is full of personality, fun, adventurous, zany, and most importantly devoted to Dave. Phoebe is the smallest of the Bernard Brigade that we have, but she is the mightiest. She pulls with her heart and soul. She competed at St. Bernard Nationals this year and took Best Body Percent. Phoebe is also in training to become a therapy dog.

**Scout****Age: 12 Years Old****Owner: Darwin Lumbattis****Region: 3****Breed: Border Collie/Pitbull****Residence: Butte, Montana**

**Scout** is a mix of Border Collie and Pitbull. He is now 12 years old and is an experienced 5-year IWPA champion with 4 International Gold medals, 1 Silver and 1 Bronze. He currently holds the IWPA record on artificial snow pulling 2,161 lbs. This all being accomplished in his 3 IWPA Championships. This is Scout's last year pulling and his retirement is well deserved. Scout is a huge lover of everything except fighting and squirrels. One thing that dogs understand, and people don't is "that squirrel smack talking". He will be missed in the IWPA family both 2 and 4 legged friends. See you all at the Big Sky IWPA Championships in Butte America. Good luck to all, Scout and Darwin

**Ursula** (WK9's The Stars Will Show The Way Ursula) is a littermate to Phoebe. They are both named after the characters in "Friends". Ursula is a super sweet and gentle gal. She's not quite the puller like her sister, Phoebe. Actually, it has taken her a little time to "catch on" to the whole idea. Now she understands that if she works, she gets to go with us to the events. It's been fun watching her learn as she goes.

**Yogi**

**Age:** 11 Years Old  
**Owner:** Connie Meech

**Region:** 4  
**Breed:** Siberian Husky  
**Residence:** St. Louis, Missouri

This dog is always the loudest dog at a pull, not wanting to be kept away from the side of his owner. He can not wait to get back to his owner and tries his best to catch her as she leaves him at the starting line.

**Owner:** Ian Kiser

**Region:** 7  
**Breed:** Siberian Husky  
**Residence:** Cookeville, Tennessee

**Balto**, who just turned 4, is a dream come true for Ian who decided life is not worth living without huskies. Ian has wanted to drive sled dogs since a trip to Alaska when he was six. After bringing Balto home from the breeder, Ian found IWPA and has used it to teach Balto the basics of working in harness. With great mentors like Sheryl Franklin and Missy Kehler, Ian and Balto have moved from novice to pulling pro. Balto earned a bronze medal for the 2020-2021 season.

## Capone

**Age:** 7 Years Old

**Owner:** Melissa Waters

**Region:** 14

**Breed:** Rottweiler

**Residence:** Calgary, Alberta Canada

**Capone** (Capone vom Bosen Blick) started weight pull as a way to safely improve strength and fitness to minimize the chance of injury in a variety of other sports that we enjoy. I didn't ever have plans to compete but here we are a few years in many competitions later. The journey hasn't always been smooth, but he has far exceeded any expectations I've had for him.

## Dahteste

**Age:** 6 Years Old

**Owner:** Marlo Wacker

**Region:** 9

**Breed:** American Bulldog

**Residence:** Greeley, Colorado

**Dahteste** (aka Dottie) was a 6 year old American Bulldog owned and handled by Marlo Wacker. Dottie was the 2022 gold medalist on wheels at the IWPA Championships. She was a very strong weight puller, but very lazy at home. On any given day, Dottie would either be laying on the couch or on my bed. During her carrier, she had been to several Championships with 3 different organizations and usually came home in the top 3. Sadly, on December 12<sup>th</sup>, 2022, we had to say good bye as Dottie had crossed that rainbow bridge and lost her battle with cancer. God Speed Dottie, you are forever in our hearts.

## Duke

**Age:** 4 Years Old

**Owner:** Ted Gerke

**Region:** 6

**Breed:** St. Bernard/American Bully Mix

**Residence:** Grand Rapids, Michigan

**Duke** has earned gold medal on wheels and snow this year in Region 6. Duke is a 4-year-old mix breed of St. Bernard and American Bully. He has been practicing weight pull for a little over 2 1/2 years and is improving every year. Duke is a very large happy dog with a busy tail and tongue. He is more than willing to wash anyone's face. He loves to be Grandma's lap dog, but she isn't always receptive because he is 90# and he really doesn't know how big he is. Duke is being handled this year by grandma, Carol Gerke and she can only hope he will perform 1/2 as good for her as he does for Ted. Good luck to all the participants this year at IWPA Championships.

## Ragnarok

**Age:** 2 Years 11 Months Old

**Owner:** Aimee Meinzen-Klostermann

**Region:** 4

**Breed:** Alaskan Malamute

**Residence:** St. Charles, Missouri

Ragnarok (Indian Creek Harris I Am Asgard's Reckoning WWPD) started in the sport of weight pulling around 1.5 years old. I call him the silent puller because, after hooking him up I just cross the line and look at him and he instinctively starts digging in. He has really picked up on the sport and I look forward to watching him progress as he matures. Besides weight pulling, Ragnarok also enjoys FCAT, scootering, canicross, hiking and tormenting his older half-sibling, Freyja, in a way only a younger brother could.

## Thunder

**Age:** 8 Years Old

**Owner:** Ami Insley

**Region:** 7

**Breed:** German Shepherd

**Residence:** Knoxville, Tennessee

Thunder is an eight-year-old German Shepherd in the 100 lb. class who started pulling when he was about two and half years old. He started very light and easy to frustrate when we got into the sport and developed into a consistently strong puller. He is slowing down now as a veteran, but he enjoys working. He is a goofy boy who definitely gives his best each and every time we compete.

## Yahtzee

**Age:** 6 Years Old

**Owner:** David Heffelfinger

**Region:** 7

**Breed:** Anatolian Shepherd

**Residence:** Woodbury, Tennessee

My rescue got the call about an abandoned puppy sitting in the middle of the road in a heavy rainstorm in 2017. Dave went out to pick it up and fell in love with her by the time he got home. He thought it was a pyr and would make a good goat dog for the farm. Well, she's an Anatolian and she fails miserably at being a livestock guard. She is proving to be a good working dog in harness...at least when she stays focused. **Yahtzee's** favorite pastime is protecting our farm from the army of squirrels that play in our trees. Actually, that is her unofficial exercise program and how she stays so fit....she chases them tree to tree.

## Big Head

**Age:** 3 Years Old

**Owner:** Richard Felice

**Region:** 9

**Breed:** American Bulldog

**Residence:** LaSalle, Colorado

**Big Head** is a big baby, just turning 3 on March 15<sup>th</sup>, who believes he is a lap dog and always trying to lay on Richard's lap. He loves to play with TJ and chase the cats or sneak next door to play with his buddy Rodger and hang out with our neighbor Toni. Mornings he can be found watching out the window as TJ gets on the school bus. This was his 2<sup>nd</sup> year pulling and 1<sup>st</sup> year with Richard as the owner and handler. Most of this year on wheels he was tied with sister Lacy. Big Head ended the season with a silver on wheels and gold on snow. So far Big's personal bests are 2350 pounds on wheels-carpet, 1890 pounds on wheels-dirt and Snow- natural 1220 pounds he has yet to pull on artificial snow.

**Cinder****Age: 2 Years Old****Owner: Dave Heffelfinger****Region: 7****Breed: St. Bernard****Residence: Woodbury, Tennessee**

Miss **Cinder** (WK9 From Cinder a Lilly Blooms CGC TKN) is Block's half-sister. See what we did there: Cinder - Block? We got Cinder shortly after Lilly, our senior St., passed away. There was a HUGE hole in the household without Lilly, and we needed to fill it Cinder has been a great addition to the family. She is a sweet, gentle giant with the softest, most expressive eyes. Her and Cruella are BFF's, and when Cruella starts to get too pushy like Staffie's do...well, Cinder just sits on her. Cinder only has a few pulls under her belt and isn't quite sure what all this harness work is about. So again, no big expectations at Championships. She has competed at the St. Bernard Nationals, and has earned her CGC and TKN titles

**Cooper****Age: 7 Years Old****Owner: Jean Wilson****Region: 6****Breed: Newfoundland****Residence: Petoskey, Michigan**

**Cooper** (Mr Happy Tappy Toes) was rescued on 02/09/22. He was used as an Amish Stud & he was a blank slate, not even knowing he had a name. At first I'm sure he thought we'd named him "Cooper-come". He's a sweet, gentle boy that loves his mom and needs her to be nearby. He tap-dances when waiting for his meals, hence his registered name. We fondly call him our "little short fat dog" because he's built nothing like our other boys. Cooper has pulled only a few times & although he doesn't have any form yet, he enjoys being with the other boys and gives his all. After living in a kennel for the first 6 years of his existence, we felt he earned the right to travel with us to Montana and enjoy life like our other boys do.

**Lacy****Age: 12 Years Old****Owner: Richard Felice****Region: 9****Breed: American Bull Dog****Residence: LaSalle, Colorado**

**Lacy** just turned 12 in December. She is handled by Mary Felice and Julian Felice. Lacy was a rescue from a farm who was going to put her down when she was only a couple years old, as she no longer served their need for hunting. As part of the Felice Family Lacy had made it to 5 championships. In region 9 every year she pulled she had placed in the top 3 on either snow or wheels or both, including this season. Lacy ended her 2022/2023 pulling season early as she crossed over the rainbow bridge in January 2023. Lacy's personal best on wheels – carpet is 3250 pounds, wheels – dirt is 2200. On snow her personal bests were 1010 pounds on natural and newest personal best on artificial set at the 2021/2022 championship was 1550. Lacy's loves were chasing cats, letting little children and Midus use her as a pillow, acting as a security dog, trying to move the dog bed around the living room and acting like Mary was her owner not Richard.

**Lego****Age: 2 Years Old****Owner: Missy Kehler****Region: 7****Breed: St. Bernard****Residence: Woodbury, Tennessee**

Oh, what a happy dog **Lego** (WK9's Go Step On a Lego) is. He's the clown of the Bernard Bunch. Lego is still learning the ropes of competing in weight pull. He's finally starting to grow out of his "puppy brain". Still super proud of him though. He's already earned his CGC and his TKI titles with the AKC. He's one leg shy of his UWP with the UKC, and he placed at the St. Bernard National weight pull. No big expectations for Championships this year, but still excited to see what he'll do.

**Madd Maxx** (Ebb Tide's Element Of Surprise RA BCAT TKA VHMP) certainly isn't the typical stereotype of a Newfoundland. Maxx is driven, confident, FULL of energy, and even defiant at times. He tries to be the best at anything we ask of him (unless its obedience related). Maxx's love to run hard earned him the place of #1 Newfoundland in 2021 in AKC Fast Cat and 2<sup>nd</sup> in 2022, just behind his brother who lives in Colorado. He's also pulled twice with the AMCA, earning MWP both times.

**Bodie** is a 1+ year old ENGLISH Mastiff, as there are 16 Mastiff breeds. First time puller. Bodie has only pulled in two IWPA sanctioned events on snow, she actually qualified in both events. She will not be competing at these Championships this year but will be competing either next year or the following. I got her to have Tank pups (see unlimited class). Bodie is a very loving, gentle and scared big girl. She is at 125 lbs. currently. Good luck to all, hope to see you at the Big Sky IWPA Championships in Butte America.

**Block****Age: 2 Years Old****Owner: Missy Kehler****Region: 7****Breed: St. Bernard****Residence: Woodbury, Tennessee**

**Block** (WK9's Don't Trip Over That Block CGC TKN) is the biggest of our Bernard Brigade. And being the biggest, he takes the liberty of plopping down anywhere he wants. I think everyone in the household, both 2 and 4 legged, have tripped over him at one point. Hence the name: "Don't Trip Over That Block". Block bellows when he barks, and it definitely intimidates those that do not know him. He's a sweet fellow though Block is a slow and steady type of puller, unlike Lego's "give it gas and go!" style. Even then, Block is always looking to find a way out of working. Love that big lug!

## Magnus

**Age:** 3.5 Years Old

**Owner:** Sheryl Franklin

**Region:** 7

**Breed:** Alaskan Malamute

**Residence:** Baxter, Tennessee

This season is **Magnus'** third season pulling pro. He's still learning, and I'm pleased with his progress. Magnus has been through puppy class, basic and intermediate obedience classes. We're holding off on going for his CGC until he matures just a bit more. He still shows puppy brain behavior at times. He's currently taking Rally classes and loving it. He has earned his Novice title and has two legs towards his Rally Intermediate title. He is also taking Barn Hunt classes. Initially he was apprehensive about it, but now loves it, even those tiny tunnels which he squishes through with pleasure. He absolutely loves weight pull and has since he was a novice. He improves with each pull.

**Owner:** Jean Wilson

**Region:** 6

**Breed:** Newfoundland

**Residence:** Petoskey, Michigan

**Rocky** (RACH Ebb Tide's Always A Rock Star RM3 RAE2 BCAT CGC TKA) has earned his name and made me proud in so many ways. He has more enthusiasm than most Newfoundlands and is eager to work with me in whatever I ask of him. He's such a happy and loveable boy and, despite his size, acts like a goof when he gets to playing. He's earned MWP with IWPA, W3PO and AMCA events. In the rally ring, even though his runs are often flawless, he's looking around as if to see who's watching him rather than looking at me. Rocky loves to be my working partner which I feel makes our bond and line of communication better than most. He's a very special boy and melts hearts in typical Newfy style. He truly is my Rock Star.

**Breed:** St. Bernard/English Mastiff Mix

**Residence:** Lake City, Michigan

This is **Sage's** second year to compete at an IWPA Championship. Sage is a young dog still gathering her confidence for the sport. Personal best on natural snow is 859lbs and on wheels 2440lbs. Each time we attend a pull she improves, and that's all I ask of her!!! Sage is a very sweet, calm, and loving dog. Very excited to travel to Butte Montana, her longest trip, to see what we can do there.

**Saint Nick****Age: 5 Years Old****Owner: Constance Meech****Region: 4****Breed: Newfoundland****Residence: St. Louis, Missouri**

**Saint Nick** is a Landseer (black and white version) Newfoundland. When he is not weight pulling, he enjoys pulling his cart around in a maneuvering course, doing Rally, doing water rescue or being part of a sled dog team with his fellow Husky housemates. He also likes to carry things in his mouth, especially if he can steal gloves or socks. His all-time favorite activity is eating. Yes, he drools, especially after drinking water or just thinking about food.

**Aubyrne** has been through basic and intermediate obedience classes. He finally got his CGC in 2021. He's given agility classes a try but is too big to like the tunnel very much and the jumps are scary to him. Rally has become his happy place. He loves the classes and has his Rally Intermediate title with a leg towards his Rally Advanced title. He continues to learn new things in Rally. His age is showing in his ability to pull as well as he did at his peak, but he loves being involved. He's very gentle with people, especially kids. A true gentle giant.
