Message from the Elections Chair.....

To IWPA Members:

At this time I would like to encourage each and every one of you to take a little time to consider running for our board of directors next year. We need good people from all regions who want to see our organization grow and expand. I have heard the comments many times that being a board member won't make a difference, this is simply not true. As a board member we vote on any rule changes, we listen to the membership and bring many ideas and discussions to our board meetings. We have very productive board meetings once a year in June. I believe next years board meeting will be in Tennessee. As a board member myself for the last three years, I have encouraged the membership to give any ideas to any board member and we will discuss them at our annual meeting. Every year we have discussed any idea brought before us. Being a board member can make a difference. The old argument goes that our organization is run by just a few areas. It may seem to some people that the same regions are represented, I can tell you for a fact that even though some regions are represented by more members than others it does not mean that within that region they all think the same, totally not true. We need members to come forward and run for the board who believe in the IWPA and our goals and what we stand for. Being a board member to me has been rewarding in many areas and I feel that I have represented the membership, but alas, I have to take a break, we also have term limits. If any of you have any questions at all about running for the board, please contact a board member. I would like to see some great competition on the ballot this year. Get your bios for running for the board in ASAP to myself or Stephanie Pitz and we will forward them onto the newsletter for publication. Thanks for taking the time to read this.

WDCH SIR HENNESSY COGNAC

On October 8, 2007 we lost one of our family. My best friend, companion, and partner in the show ring. WDCH SIR HENNESSY COGNAC. Hennessy gave it his all in everything he tried and the spectators loved him.

His best pull was 4530 lbs and weighing 130 lbs. I stopped him there saying that was enough for one day. For those that know me my dogs come before any blue ribbon and never pull my dogs to the fullest till they are 3 years old.

Hennessy won a handful of medals in pulling but was a true working dog. Hennessy did well in all that he tried and is the second most titled saint ever with 23 titles.

He received his CD in obedience in 6 days with 2 HIGH IN TRIALS. When I started him in agility most people never saw a Saint do this and could not believe a Saint could be so fast and agile. In his legs toward an EX. Title he beat 94 out of 124 dogs.

Hennessy went on to get 16 agility titles and become the #1 saint in the world in agility. We are saddened to see this great dog pass over the bridge.

Hennessy owned by Barb and Ray Slis from Kent WA
