FROM THE PRESIDENT

Sue Ferrari

Hello,

I was really hoping I didn't have to start this off with bad news. As most of you are aware, the border between the USA and Canada is still closed, and we have no idea when it might open. Many of the areas in both the States and Canada are having spikes in their numbers. The Board has looked at all of this, and has unanimously decided to cancel Championships again, this year. They will also look closely at the 21-21 Championships at the board meeting in June. Please do keep going to the pulls that are open in your area and support these Organizers who have worked hard to allow you to earn your points.

With that said, I can't believe we only have 2 more months to the season.

I know I sound like a broken record, but please look at your points, the spelling of your dog's name, etc. The sooner I can make these corrections, the better for us all. It really does make the year-end go more smoothly.

Happy Valentine's Day to you and your sweetie. Be they 2 or 4 footed.

Sue

FROM ELECTIONS CHAIR
Jean Wilson

For anyone who has not submitted their election ballot, please remember that they **MUST** be **received** by February 15, 2021. Ballots were mailed to members on 12/30/20 so if you have not received your ballot, please connect with me immediately so I can verify your address and determine how to get your ballot to you so you can have it returned on time. Also, I've received a number of returned envelopes without the required signature on the back of the return envelope. Regardless if there is a return address, these envelopes will not be opened, and the ballots within cannot be counted.

This is your Association, make your vote count!

Jean

FROM CHAMPIONSHIP CHAIR
Stephanie Stoll

Dear Members,

I wanted to let our Membership know that the board has discussed, and voted to cancel our IWPA Championship for the 2020-21 year, because of the continued COVID 19 pandemic. The main reason for the cancellation is the border closure between Canada and the United States. We understand there are still IWPA sanctioned pulls scheduled and they may continue via each states regulations. Each region will still be competing for region medals. These will be mailed at the end of the season to the handler.

We thank each and every one of you for supporting the IWPA! Stay safe and have fun pulling locally!

Stephanie Stoll
IWPA Championship Chair

BOARD NOMINATIONS

Sheryl Franklin – Region 7

My name is Sheryl Franklin, and I am officially running for the IWPA Board of Directors. I've been a member of the IWPA since 2007. I learned the sport pulling my Alaskan Malamutes, Sebastian and Cinnabar. Both pulled until they were 12 years old and made it into the Hall of Fame. I'm now working with my younger Malamutes in weight pull.

I've been a judge for quite a number of years.

I've organized pulls in PA, TN and NC.

I was appointed to the Board to fill a 1 year vacancy in June 2014, and was subsequently elected to the Board later that season. I am currently Committee Chair for Animal Welfare. As such, you may have read some of my articles in the newsletter. I'm also the webmaster for IWPA.net. I enjoy working with our other Board members to make the IWPA the best it can be for all our members, and our dogs.

My early years with IWPA was in Region 5, but for the past 7 years I have been in Region 7. It is my privilege to grow Region 7 in Tennessee and the surrounding area. I love working with people new to the sport and watching their dogs grow in the sport. I will continue working to get more people and dogs into the wonderful world of weight pulling, and being an ambassador for IWPA.

I appreciate your consideration in voting for me for the Board of Directors.

Sheryl Franklin

Hello IWPA Membership,

My name is Terence D. Reed but, most people know me as Terry. At this time I am announcing my candidacy for the IWPA Board of Directors.

Robbie and I began pulling in IWPA competition in 1990. Since that time I have been elected to the board multiple times and held several different board positions, including President and Vice President. In addition I have also held many committee chair positions when not on the Board of Directors.

I have also organized weight pulls, been a Championship Judge many times and introduced new procedures and programs to the association i.e.; Championship Judges "uniforms" so that they can easily be identified. Currently I am the Promotions Chair and have been working to make IWPA Merchandise available to make the organization more recognizable.

In addition with being in the association and connected to the Board of Directors for so long, I have the experience and knowledge of past history. I was in most of the meetings when the Constitution and By-Laws were being formed and have been there for a majority of the rule changes and updates. I feel this is valuable information for Board decisions.

In the past I have always attempted to look at the big picture and what is best for the entire organization not what was best for a few. This does not mean that those decisions will always be popular but they will be fair and consistent.

In closing when you receive your ballot I hope you will consider supporting me with your vote.

Sincerely,

Terence D. "Terry" Reed

Together we can make IWPA even better.

I have been involved in the IWPA since 2004, and a judge for the last 2 years. I have been involved in teaching weight pull classes for the last 5 years to encourage as many people interested as we can. I have hosted pulls, helped out with more than I can count, and try to be as involved as I can be.

It breaks my heart that the amount of people in our area is getting smaller. I want to help spread the word about the sport, help change minds as well as help people become involved in it. I want to see more people grow a love for the sport, and a bond with their dog that this has given me. Show people that it's not about the dog being forced to pull the weight, but a team working together to achieve a goal, and both partners who trust each other and are willing to work for the bond they have together. I think that it is often overlooked as a sport, and many people I interact with simply do not know where to go for info!

I would be honored to be given a chance to represent the membership, bring in new ideas and do what I can to help this sport grow.

Trisha Porter

My name is Rodney Martin and I have been a member of the IWPA since 2000. I have served on the board in previous years, and have been the membership chair since 2005. As a member of the IWPA, I have sanctioned pulls, put on the 2007 championships with the aid of the members of Region 9, and was previously the Region 9 representative. If voted onto the board of directors, I will always work to keep the integrity of the organization as my first priority. I am proud to serve the IWPA in this capacity.

Sportmix Dog and Cat Foods Recalled Due to Deadly Mold Toxin

December 30, 2020 — [The FDA is alerting consumers](#) that Midwestern Pet Foods, Inc. is [voluntarily recalling](#) nine lots of Sportmix pet food products because they contain potentially **fatal levels of aflatoxin**.

FDA is aware of at least **28 deaths** and **8 illnesses** in dogs that ate the recalled products.

This is an **ongoing investigation**. Case counts and the scope of this pending recall **may expand** as new information becomes available.

What's Recalled?

The dry pet food products to be recalled by Midwestern Pet Foods, Inc. on December 30, 2020 include:

- Sportmix Energy Plus, 50 lb. bag
Exp 03/02/22/05/L2
Exp 03/02/22/05/L3
Exp 03/03/22/05/L2
- Sportmix Energy Plus, 44 lb. bag
Exp 03/02/22/05/L3
- Sportmix Premium High Energy, 50 lb. bag
Exp 03/03/22/05/L3
- Sportmix Premium High Energy, 44 lb. bag
Exp 03/03/22/05/L3
- Sportmix Original Cat, 31 lb. bag
Exp 03/03/22/05/L3
- Sportmix Original Cat, 15 lb. bag
Exp 03/03/22/05/L2
Exp 03/03/22/05/L3

Lot code information may be found on the back of bag and will appear in a three-line code, with the top line in format "EXP 03/03/22/05/L#/#/###/HH:MM".

As new information becomes available, the product list above **may continue to expand**.

FDA and the Missouri Department of Agriculture are working with the firm to determine whether any additional products may have been made with the same ingredients containing potentially fatal levels of aflatoxin.

About Aflatoxin

Aflatoxin is a toxin produced by the mold *Aspergillus flavus* and at high levels it can cause **illness and death in pets**.

The toxin can be present even if there is no visible mold.

Pets are highly susceptible to aflatoxin poisoning because, unlike people, who eat a varied diet, pets generally eat the same food continuously over extended periods of time.

If a pet's food contains aflatoxin, the toxin could accumulate in the pet's system as they continue to eat the same food.

Pets with aflatoxin poisoning may experience symptoms such as sluggishness, loss of appetite, vomiting, jaundice (yellowish tint to the eyes, gums or skin due to liver damage), and/or diarrhea.

In some cases, this toxicity can cause long-term liver issues and/or death.

Some pets suffer liver damage without showing any symptoms.

Pet owners whose pets have been eating the recalled products should contact their veterinarians, especially if they are showing signs of illness.

There is no evidence to suggest that pet owners who handle products containing aflatoxin are at risk of aflatoxin poisoning.

However, pet owners should always wash their hands after handling pet food.

What to Do?

Affected products may still be on store shelves, online, or in pet owners' homes.

Pet owners should stop feeding their pets the recalled products listed above and consult their veterinarian, especially if the pet is showing signs of illness.

The pet owner should remove the food and make sure no other animals have access to the recalled product.

Contact Midwestern Pet Foods Consumer Affairs at 800-474-4163, ext. 455 from 7 am to 4 pm CT, Monday through Friday, or by email at info@midwesternpetfoods.com for additional information.

Further information regarding this recall can be found in the [related FDA Bulletin](#).

U.S. citizens can report complaints about FDA-regulated pet food products by calling the [consumer complaint coordinator](#) in your area. Or go to the FDA's "[Report a Pet Food Complaint](#)" page.

Canadians can report any health or safety incidents related to the use of this product by filling out the [Consumer Product Incident Report Form](#).

Valentine's Day Safety Tips

By Sheryl Franklin, adapted from several online articles

Each year poison control experts see a rise in cases around February 14, many involving chocolate or lilies, a flower that's potentially fatal to cats.

Pet-Safe Bouquets

When sending a floral arrangement to someone with a cat, specify that it contain no lilies—and when receiving an arrangement, sift through and remove all dangerous flora. If your pet is suffering from symptoms such as lethargy, vomiting or diarrhea, he may have ingested an offending flower or plant. Use the ASPCA online toxic and nontoxic plant libraries as visual guides of what shouldn't be in your bouquets.

Forbidden Chocolate

Seasoned pet lovers know that all types of chocolate are potentially life-threatening when ingested by pets. Methylxanthines are caffeine-like stimulants that affect gastrointestinal, neurologic and cardiac function—they can cause vomiting, diarrhea, hyperactivity, seizures and an abnormally elevated heart rate. The high-fat content in lighter chocolates can potentially lead to a life-threatening inflammation of the pancreas. Go ahead and indulge, but don't leave chocolate out for chowhounds to find.

Candy and Snacks

Macadamia nuts, coffee beans, grapes, and raisins are particularly dangerous for dogs with the latter two causing kidney failure. The toxicity of these foods increases they're chocolate covered.

Careful with Cocktails

Spilled wine, a half a glass of champagne or some leftover liquor are nothing to cry over until a curious pet laps them up. Because animals are smaller than humans, a little bit of alcohol can do a lot of harm, causing vomiting, diarrhea, lack of coordination, central nervous system depression, tremors, difficulty breathing, metabolic disturbances and even coma. Potentially fatal respiratory failure can also occur if a large amount is ingested.

Life Is Sweet – xylitol

So don't let pets near treats sweetened with **xylitol**. If ingested, gum, candy, baked goods and other treats that include this sweetener can result in hypoglycemia (a sudden drop in blood sugar). This can cause your pet to suffer depression, loss of coordination and seizures, liver failure.

Every Rose Has Its Thorn

Don't let pets near roses or other thorny-stemmed flowers. Biting, stepping on or swallowing their sharp, woody spines can cause serious infection if a puncture occurs. De-thorn your roses far away from pets.

Playing with Fire – Candles

It's nice to set your evening a-glow with candlelight, but put out the fire when you leave the room. Pawing kittens and nosy pooches can burn themselves or cause a fire by knocking over unattended candles.

Wrap It Up

Gather up tape, ribbons, bows, wrapping paper, cellophane and balloons after presents have been opened—if swallowed, these long, stringy and “fun-to-chew” items can get lodged in your pet's throat or digestive tract, causing him to choke or vomit.
