FROM PRESIDENT

Sue Ferrari

HAPPY 2020 Everyone

I hope you enjoyed your holidays, however you celebrated it, with family, friends and loved ones.

It is so hard to believe that our season is about half over. Hopefully you are getting out there with your dogs and having fun. And with that thought, please watch your dog's points and the spelling of their names. I get several different versions of the same dog's name, and this is what will be on any medals you are going to receive.

The Great Northwest hasn't seen much snow this year, but I know many of you have. I just hope you are all being safe out there on the roads and around home. We seem to have ordered freezing fog, for some crazy reason.

I wish you all health and happiness in this New Year.

Sue

P.S. And yes, I did let the dogs out, and in, and out, and in.....

CHAMPIONSHIP NEWS

We have a winner!

We would like to thank and congratulate Sean Hammell and our Canadian members, in Region 3 for being our hosts this coming May.

As the time gets closer, we will be posting some items to help inform you of crossing into Canada and back into the United States.

Thank you again to both Sean and Darwin for putting their bids. Even just this part of the event, takes a lot of time and effort.

Val and George

FROM THE CHAMPIONSHIP HOST

Sean Hammell

The Western Canada Pull Club is excited and honored to be hosting the 2020 IWPA Championships weekend on May 9-10, 2020.

We are planning an on-site weigh in on Friday afternoon, membership meeting on Friday night, snow pull on Saturday, awards banquet on Saturday night and wheels on carpet pull on Sunday.

Pulling events:

We have secured an indoor, level parking garage for the pull at a new mall just North of Calgary called New Horizon mall (snow pull will be in the outside portion of the parking lot. Horizon Mall has plenty of parking, plenty of room for hosting a pull event, weight in, drug testing, fans, holding area, etc. Washroom facilities are close. We have secured a commitment from Nakiska ski area to provide 2 dump trucks of fresh mountain snow for load and delivery on the Friday afternoon.

Members meeting:

We have secured a meeting room within New Horizon mall for the Friday evening. Snacks will be provided.

Awards banquet:

We have secured a private banquet room at Century Downs Casino for a buffet-style meal. Details on pricing and options are TBA (watch for more details in upcoming newsletters).

Sponsored cause:

All proceeds from the event will go towards the Nic Weston Memorial Fund, which funds an education for two young girls who lost their dad this year.

TRAVELING INTO CANADA:

Note that to cross the border from the US *you will need your dog's vaccination records, and they may question the food. Easiest is to bring a new, unopened bag of dry dog food. Raw dog food is likely not going to be allowed.* **Find info here - <https://www.inspection.gc.ca/animal-health/terrestrial-animals/imports/policies/live-animals/pets/dogs/eng/1331876172009/1331876307796>.**

We are really looking forward to hosting this event - if you have any questions, or need more info, please don't hesitate to contact me. Check out our website for more info - www.wcpullclub.ca.

Looking forward to seeing everybody and having a great competitive event.

Sean Hammell

Championship Itinerary and additional details will be listed in the February, March, April and May Pulling Power Newsletter for your information. US Members be sure to check out Canadian import rules!

DO YOU NEED A DOG IMPORT PERMIT?

Know the difference between commercial and personal imports.

WHAT IS A PERSONAL IMPORT?

The import of a dog (regardless of age) that is personally owned by a Canadian resident as a pet; or as a service dog that is accompanied by the person to whom the dog is assigned.

WHAT IS A COMMERCIAL IMPORT?

The import of a dog for sale, adoption, breeding, show, exhibition, scientific research, or animal welfare organizations.

Is this a personal or commercial import?

COMMERCIAL

Is your dog younger than 8 months?

YES

A permit is required.*

NO

No permit is required for dogs 8 months or older.

PERSONAL

No permit is required.

*May be imported on a temporary basis without an import permit ONLY if proof is provided that the dog is registered in a competition, a show, or a trial organized by a recognized association and all of the other requirements are met.

HOW TO REQUEST A PERMIT

1. Start the process at least 30 days before the dog is imported.
2. Download the import permit application: [CFIA/ACIA 5083](#).
3. Send your completed application to the CFIA's [Centre of Administration for Permissions](#).

If you have any questions regarding this process, contact the CFIA Animal Health District Office in your province or the province where you will be importing the dog.

Dogs brought into Canada on behalf of an animal welfare organization are classified as commercial. Rescue dogs destined for adoption are also considered commercial for import purposes.

Service dogs not accompanied by the person to whom the dog has been assigned and dogs in special training status fall under commercial import.

Import permits cannot be issued after dogs have arrived in the country.

Dogs are not allowed to enter Canada if they look sick or have a disease that can spread to others.

Additional dog import requirements may apply (e.g. inspection fees, taxes, duties, microchip or tattoo, advance notice, rabies documentation, vaccinations etc.).

If you are importing or travelling with a dog, review the complete list of import requirements on the CFIA's website or the Automated Import Reference System before travelling.

PULL RESULTS

November in Baxter

Baxter, Tennessee (1196 Bloomington Rd)

Pull: 17 -- **Organizer(s):** Franklin, Sheryl **Wheel on** Natural **Region:** 7

Track: Short grass. Hard ground giving excellent conditions for dogs to do their best **Date:** 17-Nov-19

Weather: Mostly sunny, in the high 50's. Cloudy for the novice class. **Day** 1 of 1
Delightful pulling weather

First time pro dog who has been pulling novice had a excellent pro debut. Novice class of 7 included a pro puller rehabbing a leg. Our Junior handler with his Siberian Husky was back. One of our novices should be going pro next month, A Boerboel. Another novice pit bull is very close to being ready for pro. Harness measuring, same comments as last month.

Pull: 22 -- Organizer(s): Hammell, Sean Wheel on Carpet Region: 3

Determined during the handler's meeting there was a dog over 12 before the season started to compete. Some confusion around when a dog can compete when they are 12 (in the year of the season vs. at the start of the season). Rule clarified and entry fees refunded (pull not started).

10 Winter Safety Tips for Dog Owners

By Sheryl Franklin, adapted from an online AKC article

Snow, sleet, ice, wind... there's a lot to prepare for when it comes to winter weather. Just like we're affected by the cold, our dogs are, too. Here are a few simple measures you can take to make sure your dog stays happy and healthy throughout the winter.

Avoid Thin Ice

Too often we hear tales of dogs that had to be rescued from icy waters (and those are the lucky ones). It might look like fun to slide across that frozen pond, but ice can easily crack, and your dog, and you, could fall in. Slipping on ice can also lead to muscle strains and other injuries.

Protect Your Dog's Paws

Look at the Iditarod sled-dog teams, and you'll notice that their paws are covered by booties. Musher's know that the race may be lost because of injuries and abrasions from running on ice. Even if your dog isn't dashing through 1,000 miles of frozen Alaskan wilderness, winter conditions can still do damage. Different retailers offer dog boots or paw protectors that work well to keep your pup's feet safe.

Trim Foot Fuzz

Hair on the feet of long-haired dogs can form ice balls between pads and toes. Keep them well trimmed, cutting the hair so that it is even with the surface of the foot.

Clean Your Dog's Feet

City streets are coated with deicing substances, such as sodium chloride (rock salt) and calcium chloride, which make sidewalks safe for pedestrians, but can damage paw pads. Make sure you wash off your dog's feet. Some people keep a bucket next to the door to rinse their dog's feet as soon as they come in from the cold. Use warm water and make sure to reach spots between the toes and pads. Some dogs will also need a moisturizer for dry skin.

Limit Dog's Time Outside

Dogs can suffer from frostbite, especially on delicate earflaps and tail tips. In extreme cold, it's a good idea to keep dogs inside, **with the exception of the heavy-coated northern breeds that thrive in low temperatures**. If it's not possible to keep the dogs indoors, be aware of the major signs of frostbite, which include skin that appears white or blue.

Stay In

Even a big fuzzy dog that lives indoors will need some time to acclimate to freezing temperatures. Short romps outside will help your dog's body get used to the change in the weather. Keep indoor activities fun.

Bundle Your Dog Up

Sure, most dogs have their own coat, but you wouldn't want to go out in a blizzard in a light spring jacket. Make sure **small, delicate, and short-haired dogs, even large ones like Greyhounds**, have an appropriate winter wardrobe. Bonus: You can have fun dressing them up.

Consider Your Dog's Age

Where climate is concerned, age is more than a number. Like humans, very young and very old dogs have a hard time regulating body temperature, so they have more extreme reactions to changes in weather. Romps in the snow may be too much for their more delicate constitutions. Keep the oldsters and the puppies indoors as much as possible.

Beware of Antifreeze

As little as a teaspoon of antifreeze can cause kidney failure. Be alert to the signs that your dog has swallowed some of it, which include drooling, vomiting, seizures, excessive thirst, panting, lethargy and a drunken appearance. If you think your dog has ingested antifreeze, it's important to get to a vet as soon as possible. Even if you keep your antifreeze safely tucked away, there is still a danger from residue in the streets. Most antifreeze is green ethylene glycol, but it comes in several different colors. So watch where your dog is sniffing.

In case your dog does run into any unfavorable winter side effects, be sure to consult your veterinarian.
