FROM THE PRESIDENT

Terry Reed

Happy New Year. The last week or so of 2022 has been something else hasn't it. Cold and snow all over the place. Even some places that rarely see any.

But here we are in January of a new year. You know what that means.... Elections. Watch your mail for your ballot. In addition to the usual board candidates and Championship Judges voting there is a survey. This is a survey prompted by members suggestions discussed at the board meeting in June (2022). One survey asks if IWPA should consider adding rails as a pulling surface. The second asks if IWPA should consider altering weight classes.

So look for those ballots and be sure to vote. And as my Grandpa always told me, if you don't vote you can't complain about the results.

Until next month.

Terry Reed
IWPA President

Together we can build a better IWPA!

BOARD NOMINATIONS

Hello IWPA Members,

I am Jean Wilson from Region 6. I've been involved with weight pulling since January 2010. I truly love this sport and the teamwork it has helped me build with my dogs. Even more so, I treasure the friendships I've made along the way and the level of positive sportsmanship I see with this organization. I've always seen the IWPA as a growing entity with new members not only coming on board, but engaging by becoming judges and organizing events. I'd like to work for you again to further the IWPA in growth and represent you, the members. I'd like to have the opportunity to be your voice. I've been a judge with the IWPA for a number of years and have previously served for you on the board. I have always had an "open door" policy and encourage members to text, email or call me if they have a suggestion, concern, or just have something they'd like to discuss. If I'm not immediately available, I make it a point to connect as soon as I can, typically in less than a day. I'd be honored if I were allowed to represent you again and ask for your vote in the upcoming election.

Jean Wilson

Hello to all IWPA Members,

My name is Marlo Wacker, I am from Region 9 out of Colorado. I've been involved with weight pulling since 2014, when my daughter started as a cart handler and then started to pull her dog. I love this sport and the opportunities to travel and make new friends, which I will treasure. There is so much positivity in this organization and I truly would like to see this continue and grow with the younger generation. I would like you to consider me for the board, so that I can represent you as a member and let your voices be heard.

Thank you for your time and consideration,

Marlo Wacker

970-371-7536 cell

Hi , I am Mary Anne Felice from Colorado Region 9. Proud mommy of Galyith, Caesar, Hope and many others. I have been a member since 2003. For the 2022-2023 season I have had the pleasure of being on the board as the championship chair. Besides being a board member this year and pulling our dogs, I have hosted one championship and organized a few pulls. I would be honored to be elected to serve another year as an IWPA Board Member. As a board member I hope to help with membership growth and keeping the fun family atmosphere we have all grown to love.

Thank You
Mary Anne

8 Ways to Keep Your Dog Warm and Safe This Winter

Adapted by Sheryl Franklin from AKC.org

Snow, sleet, ice, and wind: There's a lot to prepare for when it comes to winter weather. Just like we're affected by the cold, our dogs are, too. Here are a few simple measures you can take to make sure your dog stays warm, happy, and healthy throughout the winter.

1. Limit Your Dog's Time Outside

Dogs can suffer from frostbite, especially on delicate earflaps and tail tips. In extreme cold, it's a good idea to keep dogs inside, with the exception of the heavy-coated northern breeds that thrive in low temperatures. If it's not possible to keep the dogs indoors, be aware of the major signs of frostbite, which include skin that appears white or blue.

2. Stay Indoors When Possible

Even a big, fuzzy dog that lives indoors will need some time to acclimate to freezing temperatures. Short romps outside will help your dog's body get used to the change in the weather. Keep indoor activities fun with indoor games.

3. Bundle Your Dog Up

Sure, most dogs have their own coat, but you wouldn't want to go out in a blizzard in a light spring jacket. Make sure that small, delicate, and short-haired dogs (even large ones like Greyhounds), have an appropriate winter wardrobe, including a sturdy winter coat and a fitted sweater.

4. Consider Your Dog's Age

Where climate is concerned, age is more than a number. Like humans, very young and very old dogs have a hard time regulating body temperature, so they have more extreme reactions to changes in weather. Romps in the snow may be too much for their more delicate constitutions. Keep the older dogs and the puppies indoors as much as possible.

5. Protect Your Dog's Paws

Look at the Iditarod sled-dog teams, and you'll notice that their paws are covered by booties. Mushers know that the race may be lost because of injuries and abrasions from running on ice. Even if your dog isn't dashing through 1,000 miles of frozen Alaskan wilderness, winter conditions can still do damage. Different retailers offer dog boots or paw protectors that work well to keep your pup's feet safe.

6. Invest in a Heated Dog Bed

Yes, heated dog beds are safe! A heated dog bed can be a great option for dogs that tend to get chilly, including senior dogs. Look for ones with an auto-shutoff that are made specifically for dogs.

7. Trim Foot Fuzz

Hair on the feet of long-haired dogs can form ice balls between pads and toes. Keep them well-trimmed, cutting the hair so that it is even with the surface of the foot.

8. Clean Your Dog's Feet

City streets are coated with deicing substances, such as sodium chloride (rock salt) and calcium chloride, which make sidewalks safe for pedestrians, but can damage paw pads. Make sure you clean off your dog's feet. Some people keep a bucket next to the door to rinse their dog's feet as soon as they come in from the cold. Use warm water and make sure to reach spots between the toes and pads. Some dogs will also need a paw or a moisturizer for dry skin.
