FROM THE PRESIDENT  
Sue Ferrari

May the Leprechauns smile upon you all.

It's hard to believe this is our last month of the season. Hope you and your dogs all finish strong.

A friendly reminder to those with pulls the last two weekends of the month. You MUST email me your results ASAP so we can figure out who will be joining us all in Canada.

Voting ballots are in, and we should have them counted up.

If you are traveling to Canada in May, please make sure you have all your pet's records with you and watch the announcements from Sean and his group regarding the entire goings on up there.

Keep pullin' them doggies!

Sue

FROM THE CHAMPIONSHIP HOST

Sean Hammell

The Western Canada Pull Club is excited and honored to be hosting the 2020 IWPA Championships weekend on May 9-10, 2020.

We are planning an on-site weigh in on Friday afternoon, membership meeting on Friday night, snow pull on Saturday, awards banquet on Saturday night and wheels on carpet pull on Sunday.

Pulling events:

We have secured an indoor, level parking garage for the pull at a new mall just North of Calgary called New Horizon mall (snow pull will be in the outside portion of the parking lot. Horizon Mall has plenty of parking, plenty of room for hosting a pull event, weight in, drug testing, fans, holding area, etc. Washroom facilities are close. We have secured a commitment from Nakiska ski area to provide 2 dump trucks of fresh mountain snow for load and delivery on the Friday afternoon.

Members meeting:

We have secured a meeting room within New Horizon mall for the Friday evening. Snacks will be provided.

Awards banquet:

We have secured a private banquet room at Scotman's Well. Menu; Caesar Salad, Roasted Carved Turkey Breast with stuffing and gravy, Roasted Garlic Herb Potato, Penne in a spicy tomato sauce with bacon and onion, assorted desert squares and fruit platter. Drinks are added cost. Meal cost is \$35 CDN - please RSVP Sean Hammell at [wcpullclub@gmail.com](mailto:wcpullclub@gmail.com) or 403-619-0483 by May 1st.

Sponsored cause:

All proceeds from the event will go towards the Nic Weston Memorial Fund, which funds an education for two young girls who lost their dad this year.

TRAVELING INTO CANADA:

Note that to cross the border from the US *you will need your dog's vaccination records, and they may question the food. Easiest is to bring a new, unopened bag of dry dog food. Raw dog food is likely not going to be allowed. Find info here - <https://www.inspection.gc.ca/animal-health/terrestrial-animals/imports/policies/live-animals/pets/dogs/eng/1331876172009/1331876307796>.*

We are really looking forward to hosting this event - if you have any questions, or need more info, please don't hesitate to contact me. Check out our website for more info - [www.wcpullclub.ca](http://www.wcpullclub.ca).

# DO YOU NEED A DOG IMPORT PERMIT?

Know the difference between commercial and personal imports.

## WHAT IS A PERSONAL IMPORT?

The import of a dog (regardless of age) that is personally owned by a Canadian resident as a pet; or as a service dog that is accompanied by the person to whom the dog is assigned.

## WHAT IS A COMMERCIAL IMPORT?

The import of a dog for sale, adoption, breeding, show, exhibition, scientific research, or animal welfare organizations.

## Is this a personal or commercial import?

### COMMERCIAL

Is your dog younger than 8 months?

### PERSONAL

No permit is required.

### YES

A permit is required.\*

### NO

No permit is required for dogs 8 months or older.

\*May be imported on a temporary basis without an import permit ONLY IF proof is provided that the dog is registered in a competition, a show, or a trial organized by a recognized association and all of the other requirements are met.

## HOW TO REQUEST A PERMIT

1. Start the process at least 30 days before the dog is imported.
2. Download the import permit application: [CFIA/ACIA 5083](#).
3. Send your completed application to the CFIA's [Centre of Administration for Permissions](#).

If you have any questions regarding this process, contact the CFIA Animal Health District Office in your province or the province where you will be importing the dog.

Dogs brought into Canada on behalf of an animal welfare organization are classified as commercial. Rescue dogs destined for adoption are also considered commercial for import purposes.

Import permits cannot be issued after dogs have arrived in the country.

Service dogs not accompanied by the person to whom the dog has been assigned and dogs in special training status fall under commercial import.

Dogs are not allowed to enter Canada if they look sick or have a disease that can spread to others.

Additional dog import requirements may apply (e.g. inspection fees, taxes, duties, microchip or tattoo, advance notice, rabies documentation, vaccinations etc.).

If you are importing or travelling with a dog, review the complete list of import requirements on the CFIA's website or the Automated Import Reference System before travelling.

**A Dog's Best Friend**

O Lord, don't let me once forget,  
 How I love my trusty pet -  
 Help me learn to disregard  
 canine craters in my yard.  
 Show me how to be a buddy  
 even when my sofa's muddy.  
 Don't allow my pooch to munch  
 postal carriers for lunch.  
 Shield my neighbor's cat from view,  
 guide my steps around the doo.  
 Train me not to curse and scowl  
 when it's puppy's night to howl.  
 Grant I shan't awake in fear  
 with a cold nose in my ear.  
 Give me patience without end -  
 Help me be "A Dog's Best Friend."

# Spring is on the way

By Sheryl Franklin (adapted from PetValu)

With warmer weather just around the corner, do you know how to prepare your pet for spring? Here is a checklist for the upcoming season:

## Grooming

With the weather warming up you will start to notice your pets (cats & dogs) shedding much more. Out with the old heavy, fuzzy undercoats and in with new sleek fur. As the weather changes your pet is losing its winter coat. To help cut down on this shedding, regularly brush your pet's coat. To better loosen the hair, give your pet a bath and really scrub them with your hands against the hair growth. Once dry, give them a good brushing and you will be amazed at the hair that comes off.

### Here are some tips to help with your spring grooming:

If the coat looks dry, apply a gentle pet conditioner.

For dry and flaky skin use an oatmeal based pet shampoo.

Salt, snow and cold can cause paws to crack, apply a moistening ointment if necessary.

Check and make sure ears are clean and have no sign of ear mites. DO NOT use Q-tips, the best option is liquid ear cleaners.

Brush, Brush, Brush! But be gentle when working out those pesky knots. Brush against the grain to remove hair and with it to smooth out the coat. Cowboy Magic Detangler is good for tangles and mats.

Don't forget to trim your pet's nails. If you are not comfortable doing them yourself, take them into a groomer or vet and have them done. You can also check your local store for nail trimming days!

## Washing Your Pet's Toys & Bedding

The winter also brings a fair bit of dust into our homes, and with keeping windows shut your pet's favorite items become stale. Bedding and fabric toys can be run through the washing machine, while leashes, collars and plastic toys should be hand washed in hot, soapy water.

## Seasonal Allergies

Just like people, some pets get seasonal allergies. Pets have very similar symptoms for allergies: watery eyes, runny nose, coughing, itching or sneezing. These symptoms are inflammatory based, the same as in humans. Luckily, there are things we can do to ease our pet's allergies.

Omega-3 Fatty Acid is beneficial for overall health, and can help decrease inflammation in your pet's body. Salmon oil is a great way to add more Omega-3 to your pet's diet.

Coconut Oil is another natural additive that can ease symptoms of allergies. Coconut oil contains something called "lauric acid" that helps decrease the production of yeast and in turn stops or reduces inflammation.

Bathing also helps by getting rid of airborne allergens that may have attached themselves to your pet.

See your veterinarian for excess symptoms

## Pests

Warm weather also signals the beginning of pest season. Fleas, ticks, biting flies and mosquitoes are starting to come back for the season and with them bring annoyance and illnesses for many pets (and people!). In many areas, if not continued year-round, it is time to begin heartworm prevention. Your vet will be able to give you the best type and dosage for your pet. Commonly, these preventatives also help with other pests too.

Fleas and ticks can carry many parasites that can seriously harm your pet, so it is important to treat this at the first signs. Fleas can cause pets to suffer allergic reactions and skin problems, anemia, tapeworm, rickettsiosis and cat scratch disease. Ticks can carry diseases such as Lyme disease, Ehrlichiosis and Rocky Mountain spotted fever. Some of these diseases can be transmitted to people from fleas and ticks, and some can be transmitted from pets to people. There are many options for flea and tick prevention and treatment and can be used alongside your heartworm preventative.
